## REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The instant application discloses a method of iterative parameter estimation. Prior art references show similar methods but fail to teach: "**performing a first estimation of a first portion of a signal to obtain first parameters of the first portion of the signal, wherein the signal contains no known data symbols**", as in claims 1, 18 and 36.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
